Hellmouth

Lambchop

well, then i do it
love not not laughter
i do it do it
bug flying out of my hands do it do it
trouble now it's hard to figure out what i did
here we go

you got a hell of a mouth
you know you got a hell of a mouth
and you know you know you got a hell of a mouth
if you didn't use it

how does it feel so real
act like a train concealed
i'm movin out
i'm holding my head
i do i did it
look at my hands
i do i did it
trouble now here she comes
