

I Don't Wanna Go

Lana Del Rey

He don't like no small things,
Even riding around on tall dreams
I don't wanna go
He's a sweet baby, but he looks mean
In his soft leather, in his blue jeans

He got away, baby, he got away, oh, baby
He got away with his words.
They'd be like diamonds and pearls,
They'd be like diamonds and pearls,
He gives to his little favorite girls

I don't wanna go, go home
I don't wanna go, go home
Baby, tonight
Baby, tonight

He don't like no spotlight,
Stands real quiet in the moonlight

He got away, oh, baby, he got away, oh, baby,
He got away with those words.
They'd be like diamonds and pearls,
They'd be like diamonds and pearls,
He gives to his little favorite girl

I don't wanna go, go home
I don't wanna go, go home
Baby, tonight
Baby, tonight

Loving you isn't right,
Black leather won't like the giving
Loving you isn't right,
It's original sin

I don't wanna go, go home
I don't wanna go, go, home
Baby, tonight
Baby, tonight

I feel like I can do anything,
Like I can do anything,
Like I can do anything that I like
I feel like I can do anything,
Like I can do anything,
Like I can do anything tonight
Baby, tonight
Tonight
