

# Jesus Is My Boyfriend

Lana Del Rey

He's Jesus Christ  
And I'm his babydoll  
I'm his favourite human but he saved them all

He's my personal saviour  
He's my personal saviour

Jesus is my boyfriend  
Jesus is my boyfriend  
Jesus is my boyfriend  
Jesus is my boyfriend

He's my personal saviour  
He's my personal angel  
My God thinks I'm smashing  
He thinks I'm fine  
My God takes me dashing cross the party line

He's my personal saviour  
He's my personal saviour  
My God treats me special  
Gives me lots of things  
I had some of his boyfriends offer diamond rings

He's my personal saviour  
He's my personal saviour

He's my personal angel  
He's my cherry pie  
Said to call him "Dick Chasey"  
He's my private eye  
When I get in my gown  
He comes to me in the night
