

Life of the Party

Lana Lane

Another round for my friends
Keep the spirits flowin'
Every night's a Friday night
Happiness is growin'

Call us dangerous
But we're the life of the party

Sunrise calls at five
Hangin' with my over
I'm barefoot and run wild
In crimson and clover

Call us glamorous
We're the life of the party
Call us outrageous
We're the life of the party

Call us dangerous
We're the life of the party
Call us outrageous
We're the life of the party
