

ALMOST READY

Lancey Foux

I'm almost ready for ya
I'm almost ready for ya
I said, I'm almost ready for ya
Yeah, I'm almost ready for ya

One sec, I need to sign out like how I should
One sec, I need to reminisce cause times were good
One sec, I need to make a stop off in the hood
One sec, I need to make sure my family good

Could be my last time fucking for a month
Could be my last time fucking shit's a loss
I had some hard times, I did just what I could
I kept the hammer on the table like a judge
I put my truths, I put my pain in every song
They might never understand til I'm gone
I know I'm bad at understanding all my wrongs
I know I'm bad and I know where I'm from

I'm almost ready for ya
I'm almost ready for ya
I said, I'm almost ready for ya
Yeah, I'm almost ready for ya
I'm almost ready for ya
I'm almost ready for ya
I said, I'm almost ready for ya
Yeah, I'm almost ready for ya

They tryna test to see if I'm gonna follow
They tryna take my swag and take my soul
I can't be bought, I'm staying solid, can't be sold
I put a lock up on my heart, it can't be solved
If I die tonight at least I lived it how I should
If I die tonight at least I did what I could
If I die tonight at least my family
If I die tonight at least my family gonna be good
If I die tonight at least my gang gon tell you it's game on
If I die tonight at least I hit her with my chains on
If I die tonight at least I took this shit serious
If I die tonight at least I died myself
At least I'm going Heaven, I live LIFE IN HELL

I'm almost ready for ya
I'm almost ready for ya
I said, I'm almost ready for ya
Yeah, I'm almost ready for ya
I'm almost ready for ya
I'm almost ready for ya
I said, I'm almost ready for ya
Yeah, I'm almost ready for ya
