

Best Mate / Don't Go

Lancey Foux

My best friend, that's my go-to
The one I'm on the phone to
Make her smile, make her moan too
We go together in our own two, oh
I ain't never been in love
I ain't never been in love
Let's just never fall in love
Never ever baby, never fall in love
My best friend, that's my go-to
The one I'm on the phone to
Make her smile, make her moan too
We go together in our own two, oh
I ain't never been in love
I ain't never been in love
Let's just never fall in love
Never ever baby, never fall in love

I love you like my sister and my mate
If there's a problem, you know I'll say it to your face
We spend a week together, now we're separate
If we never fall in love, that would be great (would be great)
I'll be there when you need me (I'll be there)
I can change when you feed me
I miss you when you leave me
When I say you mean nothing, nobody believes me
No, I can fuck you whenever I want
I can fuck her whenever I want
You can fuck me whenever you want
You can fuck me whenever you want
My best friend, she can stay nice
Different rooms, or we play fight
Small food on a big night
Weed and the lean we can take flight
A true friend is a blessing, but she ain't the one, she don't want a wedding
She keep it real, she don't keep me guessing
No commitment, no it equals no stressing
Baby, I need you, come here
I love you, you send them butterflies down to my stomach
I want you under moon no I promise
Put the NE at the end and stop fronting

My best friend, that's my go-to
The one I'm on the phone to
Make her smile, make her moan too
We go together in our own two, oh
I ain't never been in love
I ain't never been in love
Let's just never fall in love
Never ever baby, never fall in love
My best friend, that's my go-to
The one I'm on the phone to
Make her smile, make her moan too
We go together in our own two, oh
I ain't never been in love
I ain't never been in love
Let's just never fall in love
Never ever baby, never fall in love

If you ever find someone I hope they understand
I hope he makes you cum, like I can
If I ever find someone, I hope she appreciates
Enough about the future, babe, let's the seize the day
I vow to, never put nobody above you
Never put nobody above you
Never put above you, oh
I vow to, never put nobody above you
Never put nobody above you
Never put above you, oh

My best friend, that's my go-to
The one I'm on the phone to
Make her smile, make her moan too
We go together in our own two, oh
I ain't never been in love
I ain't never been in love
Let's just never fall in love
Never ever baby, never fall in love
My best friend, that's my go-to
The one I'm on the phone to
Make her smile, make her moan too
We go together in our own two, oh
I ain't never been in love
I ain't never been in love
Let's just never fall in love
Never ever baby, never fall in love

I vow to
Never put nobody above you
I vow to
Never put nobody above you
I vow to
Never put nobody above you
I vow to, I vow to
Never put nobody above you, oh
Yuh!
Never put nobody above you
Never put nobody above you
Never put nobody above you, no
Hey
Never put nobody above you
Never put nobody above you
Never put nobody above you, oh

My best friend, my best friend
If you leave me, it'll be the end
Don't go, don't leave me
You're my best friend, my best friend
You're there for me, and I'm there for you
If you leave me alone, I'm scared for you
Don't go, don't go I know you're tired
Don't go, you're my best friend, don't go
Come, stay, don't leave, I need you now
I said come, stay, don't leave, I miss you and I need you now
Don't run away from me, don't run away from me
'Cause I need you, don't go
I'm broken as a hint, pieces all alone
Don't leave me all alone
My best friend
Don't leave me
It'll be the end

Don't go, don't leave
You're my best friend
Don't go, you were there for me, and I was there for you
If you leave me alone, I'm scared for you
Don't go, don't leave
Don't leave me, you're my best friend, don't go
Don't go, don't go, I said don't go
Don't go, don't go, don't leave me alone
You're my best friend, no
