I wouldn't make a fuss, I just wanna make love  
I wanna fuck you til the sun come down, I'm tryna take you to the moon right now  
I'm tryna take you to the moon right now, I see what you doing, how you do it, I'm proud  
I seen colours I'm in the mood, must be love, it must be you

I don't regret nun

I just spent a minute with a freak, I'm done  
Said she "fell in love", I can't believe it  
She just wanna take me to the cream  
She just wanna see what she can see, money talks like ecstasy  
Money gonna make her cum, money set her free, yeah-yeah
