

## Eyes Closed

Lancey Foux

Ayy, ayy, ayy, pink, babe, ya, yeah, pink  
I'm young and gorgeous  
I'm young and gorgeous  
Sheesh

Females who like females yeah I like those  
I'm trapping out the emails on my iPhone  
Say she never take a xan, I told her try those  
Drugs in my body and my eyes closed  
Females who like females yeah I like those  
I'm trapping out the emails on my iPhone  
Say she never take a xan, I told her try those  
Drugs in my body and my eyes closed

She said she understands but can't tell what I'm saying  
Chanel on my breath do you smell what I'm saying?  
I don't sell dreams to the girls that I'm dating  
Cause' I gotta' move on to the girls that are waiting  
These drugs that I'm on enhance my persona  
I put a [?] that don't rhyme with corona  
Fuck a middle man I'm abusing the broker  
Fuck a little man I ain't used to no elders  
Baby, baby boy you ain't me  
If I'm selling swag you take free  
Little boy an eighth and I'm a key  
You're cheap but she getting more out of me  
I don't take no local to no meal dates  
Give her 10 quid and tell her get a milkshake  
Cause' I can't treat a shmeat like a queen  
And I can't smell like meat in my beam

Females who like females yeah I like those  
I'm trapping out the emails on my iPhone  
Say she never take a xan, I told her try those  
Drugs in my body and my eyes closed  
Females who like females yeah I like those  
I'm trapping out the emails on my iPhone  
Say she never take a xan, I told her try those  
Drugs in my body and my eyes closed  
And my eyes closed, and my eyes closed  
And my eyes closed, and my eyes closed  
Pink, pink, sauce, sauce
