I KNOW

Lancey Foux

Shh, whew (Hey)

I know, I know, I know (I know, I know, I know)
Something so wrong feels so right (So right)
I know, I know, I know
I know, I know better
I know, I know better
I been livin' in my truth

Trust my spirit with her moves, so I hit her in the coupe
I wouldn't know if I didn't knew, I just had to know the truth
I just had to know your feel, I just had to know
Takin' a risk 'cause kill or be killed, I couldn't breathe more
Too many baddies inside of the field, I think I need more
I fell in love with a stallion on the stairs, woah-woah-woah, woah-woah
She think she can get to the top if she take me to bed, woah-woah-woah, woah-woah
Every desire's driven by money and sex, woah-woah-woah
I been tryin' to make my mind up, woah-woah
Live life or do right, but what's right? Yeah, what's right? (Yeah, yeah)

I know, I know, I know (I know)
Something so wrong feels so right (Woah)
I know, I know, I know (I know, yeah)
I know, I know better
I know, I know better
I been livin' in my truth

Before I go to sleep I switch my swag up, yeah, cut off my tail (chyea)
I hit a baddie in any city I land, I leave a trail
I get some money in any city I land yea, the swag on sale

I know, I know, I know (I know)
Something so wrong feels so right (So right, so right)
I know, I know, I know (I know, yeah)
I know, I know better
I know, I know better
I been livin' in my truth (I been livin' in my-)

You know, you know, oh woah
You know better
You know better, yeah-yeah
You know, woah-oh
You know better, yeah-yeah
You know, woah
You know, yeah

I done keep talkin' to myself, I'm goin' back and forth
Feel like I'm doing wrong, feel like it's meant to be
Why should I take a loss? Why should I spill out my energy?
Why should I wait some more? Why should I hide in the stars? Yeah
Why should I fake my love? I might not be here tomorrow, yeah
I was just hatin' to love, question who you are, yeah
I'm in a world full of murder, money, sex and drugs, yeah
Nowhere to go, there's nowhere to turn, yeah

I know, I know better

```
I know, I know better, yeah-yeah
I know, I know better
```

```
I know, I know better, yeah-yeah
I know, I know better
```
