

Midas Touch

Lancey Foux

Hold on, yeah
Me, I just do what I do best (Hold on)
Hold on, yeah
Me, I just do what I do best (Hold on)
Sexy girl like to flex, couldn't be me on the net
This bad girl from 'Nige and Yemen
Ain't seen that, but I'm in
Lovin' the caramel skin
Baby ain't go-
B-Baby ain't gotta go gym
I been on X and things
Turn off the phone to Sin', the whip's outside for me
I like a couple things in life, but not the same way that I like money
This money be kicking and whoring
This whip might open a portal

(Hold on)
Niggas all begs they tryna be cordial, it's abnormal
I been fucking this hoe for months, I ain't know she was yours
I can't lie, love, that ain't normal
Been a bad miskeen child, they know my name by now, uh
Everywhere I go make noise, you smell that loud when I'm in town
Man can't chat to me like no Penny
Man salute the kid and respect me
You don't know the guys and you're not my guy, safe to say that you ain't safe
Plain Jane ain't frosty like cornflakes (Huh, huh)
Plan this shit in detention
Teachers wanting me sanctioned
Old girls stay in my mentions
Old school, Black Ops Ascension
I sell the crack up there, Kentish
Now it's old two foreigners, Kentish
I got a bad gyal speaking Lenglish
See, the game got fucked when I stepped in (Yes, yes, yes)
Ay I really do live what I say, it's not a pretend ting

Hold on, yeah
Me, I just do what I do best (Hold on)

Th-These diamonds all fine, all shine, can't keep it cordial
Oval-shaped, blue and orange, these pills send me through a portal
In a different dimension, order the mansion
I'm on a stage in Warsaw

War-torn country, mums at home watching Aki and Pawpaw probably
I'm living a real-life movie, nobody's stopping me
Them girls too hippity, hoppity
I learnt nobody's your property
Until you put bread in some properties
Violence, so they can't copy me
Violent, someone's gonna chop at me
You better off being my hoe

Hold on, yeah
Me, I just do what I do best (Hold on)
