

# Never Pause

Lancey Foux

I can never pause  
The world keep going round  
The world keep going round  
I can never pause  
Gotta' keep going family  
I can never pause  
Are you okay Annie?  
I just walked through the door

The world keep going round  
I can never pause  
Gotta' keep going family  
I can never pause  
Are you okay Annie?  
I just walked through the door, with the money handy  
Fucking a pop star, dunno what she song she sang  
She talking bout she want a mortgage and a Porsche Cayenne  
I ain't been alive too long I'm tryna' find who I am  
And I can never pause, are you okay Annie?  
And I just walked through the door with the money handy...

Uh-Uh, Uh-Uh, Uh-Uh  
Uh-Uh, Uh-Uh, Uh-Uh  
Uh-Uh, Uh-Uh, Uh-Uh  
Uh-Uh, Uh-Uh, Uh-Uh  
Uh-Uh, Uh-Uh, Uh-Uh

I remember it was me and my members  
Ready to die, ready to kill we living forever  
I was 15 all I wanted was a rental  
First whip I got, interior leather  
First bitch I got, tryna fuck my niggas  
Had a black queen back then, she looked like SZA  
I got sissors, had to cut her off  
She was tryna get too serious  
But we just smashed again just see if we regret the decision  
Couldn't go out and play, mummy tryna keep me away from pistols  
Time got wasted, drugs were the next experience  
Hopped on a plane, come to America watching delirious  
Face full of life, soul derelict  
The year I turnt 20 I was dead the whole time  
Lost somebody for real  
Had to come back to life  
Tryna make money, young and naive trusting liars  
Now every room I walk in want a percentage of my life

The world keep going round  
I can never pause  
Gotta' keep going family  
We can never pause  
Are you okay Annie?  
I just walked through the door, with the money handy  
Fucking a pop star, dunno what she song she sang  
She talking bout she want a mortgage and a Porsche Cayenne  
I ain't been alive too long I'm tryna' find who I am  
And I can never pause, are you okay Annie?  
And I just walked through the door with the money handy...
