

(Huh, uh-huh)
I got rid of that weight like Ozempic (Uh-huh)
Felt the pain in my chest like I'm benchin' (Uh-huh)
Brand new chain, spent the same on my dentist (Uh-huh)
I'm the same, but these girls all demented (Uh-huh)
(Uh-huh)
Gave me brain on her knees, she repent in' (Uh-huh)
I'm protected, that's cross on my pendant (Uh-huh)
Said she love me, I don't think she meant it (Uh-huh)
Codependent, her heart was pretendin' (Uh-huh)
Are you there if my trainin' was endin'? (Uh-huh)
I can't blend in, my diamonds authentic (Uh-huh)
Drop the top, if I did a beheadin' (Uh-huh)
All of my jewels are offensive (Uh-huh)
I been the one, can't defend it (Uh-huh)
I got comprehension, this money, I spend it (Uh-huh)

You a ten if they ain't spendin'
I'm spraying this cash like an African weddin' (Uh-huh)
I heard that there's beef, no ones sending
Their clothes be rented
My swag's what they lending (Uh-huh)
I feel the tension, it weren't my intention
I took a shoot man, I felt the ascension
I buy a bottle in the club, need refreshment
I don't care 'bout no recession, I'm extra (Extra)

I'm tryna ge-ge-ge-geek
I face the pill to my face (Face)
I got this shit off of Dee
For you, it wasn't the case (Uh-huh)
This money I chase
To my bae, be swift for the wait (Okay)
Know she hate me, yeah, it's okay (Okay)
Like the whip, my heart gonna race (Race)

Wish I could put my heart in VVs (I'm on it)
She so lovestruck when she see me (I'm on it)
Hold on, th-they all thought it was easy to put my heart on a CD
Told my Mum what my dreams be, she kiss her teeth

Looked at me and fucked me up
She told me, "Be serious with time"
I'm serious, man, pree the time, yeah, pree the watch
The chains, they glisten, it's lonely but lit
My name be stuck on they tongue like a lisp
Complaints, you don't even want where I live
Came from the slums, it's in my blood
And you're last if you don't come number one
When you in that's when you see all the love (Hol' on, hol' on)
So I put my pride to the side for this baby (Woo)
