

PENDULUM

Lancey Foux

You became the light on the dark side of me
Love remained a drug that's the high and not the pill
But did you know
That when it snows
My eyes become large
And the light that you shine can be seen

Pendulum
Swing both ways, pendulum
Tell me my fate, pendulum
Far, far away, send your love, yeah-yeah
Pendulum, yeah, swing both ways, pendulum
Tell me my fate, pendulum
Far, far away, send your love, yeah-yeah, chyeah

I just wanna know the truth 'bout you
I just wanna know the truth 'round me
I don't want nothing new around me
I don't need nothing new
All I need is me and you
Pendulum, tell me no or yeah-yeah
Left or right? Let me know, yeah-yeah
Tell me what I gotta do for you
Lift the ceiling, raise the roof for you
Goin' crazy, act a fool for you
Lose my mind, break the rules for you, yeah

Pendulum, yeah
Swing both ways, pendulum
Tell me my fate, pendulum
Far, far away, send your love, yeah-yeah
Pendulum, yeah, swing both ways, pendulum
Tell me my fate, pendulum
Far, far away, send your love, yeah-yeah

Yeah, there is so much a man can tell you, so much he can say
Yeah, there is so much a man can tell you, so much he can say
Yeah, there is so much a man can tell you, so much he can say
Yeah, there is so much a man can tell you, so much he can say
You remain my power, my pleasure, my pain, baby
To me you're like a growing addiction that I can't deny
