Lancey Foux

Whew, whew, whew, whew  
(Jay Trench)  
Don't know who to trust, you can keep the lust (Psyke)  
(Psyke)

Don't know who to trust (Woah), you can keep your love  
I just want it all, money ain't enough  
Demons walk in the room (Huh?), and they sit with us (Yeah)  
You can keep the love, don't know who to trust (Psyke)

You can keep your love 'cause you weren't with me in the mud (Mm)  
You can keep yourself, baby, I don't wanna fuck (Huh?)  
I wake up and go and I get this shit, I don't pray for luck (Uh)  
I want all the smoke (Uh), you can keep the dust (Yeah)

Middle fingers up, yeah, fuck who ain't with us, yeah  
I been goin' nuts, yeah, mind been goin' out of here  
I been goin' crazy, mirror says, "I hate you"  
Walk in like I'm Jesus, I should've killed the table  
And had the disciples, I don't worship idols  
Go-Goin' sick in the head, yeah, she love me, psycho  
Live like I'm already dead, hop on the stage, go Michael  
Talk like I'm already dead, walk like I'm already dead  
How could I be scared? I'm doin' the race, I ain't looked in the rear  
Before I was born, I was already here  
I'm keepin' 'em clear 'til I disappear  
Put you in a wall, hit the nail in the head  
Nail in the head, we can go up like stairs  
This zone here a no-go  
Big smoke like the o-zone  
Light-skin ting, she rose-gold  
Put your phone on the airplane mode  
Smashin' with the engine on  
No this war ain't ever done  
Phew, knuck if you buck  
Pagans just won't leave me lone  
Haters just won't leave me lone

Don't know who to trust (Yeah), you can keep your love  
I just want it all (All), money ain't enough (Money ain't enough)  
Demons walk in the room (Phew), and they sit with us (Woah)  
You can keep the love (Woah), don't know who to trust (Bow)

You can keep your love 'cause you weren't with me in the mud (Psyke)  
You can keep yourself, baby, I don't wanna fuck (No, no, no, no, no)  
I wake up and go and I get this shit, I don't pray for luck (Huh?)  
I want all the smoke (Yeah), you can keep the dust (Yeah)

Whew (Psyke), whew, yeah, psyke (Huh?)  
Shh  
Don't know who to trust (Shh)  
Don't know who to trust  
Don't know who to trust  
Don't know who to trust  
Don't know who to trust
