

Smooth skin spice  
 What are you doing tonight?  
 I got some blue Bombay  
 In a clean, clear glass, minimum ice  
 Your body moves just in time  
 I'm so sorry that you're not mine  
 You're a smooth skin spice  
 What are you doing tonight?

Give me them plans, matter of fact, don't  
 She said all men are huh but she'll give a dog a bone  
 Smooth skin spice from a place unknown  
 I bet she'd tell me now if my tongue on her throat  
 If he had plans from now, it's void  
 Can I get head or a toe? Flip a coin  
 Wanna take pics, I just wanna make noise  
 I've got natural core, real thrust, no 'roids, I  
 Reverse and rewind  
 Body figure eight just like a 35  
 Pagan fi dead, dem man can't be mine  
 Bread unnu friend, dem man get declined  
 Body on heat and now it's tea time  
 So I'mma take a sip, don't drink no fine wine  
 If I can't [?] she'll be here undressed  
 If I ask for it, you're gonna do what's best

Black flowers, can I hit in the morn?  
 Swear on your heart it'll never go untorn  
 If I tear you apart, will you ever find form?  
 They thought they brought me down but all penalty's a score  
 Smooth skin girl, ain't you know?  
 Man don't kiss and tell, keep secrets alone  
 I treat a dream girl like a side hoe  
 I put her on the ropes like dry clothes  
 My court, Jackson, Jordan  
 I might do a moonwalk, shoot, three  
 Doubled up my P, she wanna do me  
 I've got cocaine and cash on my Ksubis  
 What you doing later on my widescreen?

"Coming over" what you should reply, B  
She came fully dressed in a nightie  
She heard a sound, she said it sounds like Nyge
