

## Selfish

Lancey Foux

My name is Cultcaine

Maybe I'm not crazy, just selfish  
Got a feel when I'm all to myself, and I need you but I know I'  
m not in love with you  
Maybe I'm not crazy, just selfish  
My mind will never settle I'm not normal  
Doors tread more inside mind tryna' fit em' in a two door

I had this bad broad she 22  
I had to pull-up and give her 22  
Minutes, I was in it think you brought back for the spinners  
Think of mine as business, wanna breathe every time in attendan  
ce  
She said "why can't I just spend my life with you"  
I got a [?] of ocean bidders  
Only see her once a month, don't get comfortable  
Still got to keep her strong, she kept my cool  
I can't do much with one  
I wanna go for the sweeter someone suck  
Magic kisses baby, acid on your tongue

Maybe I'm not crazy, just selfish  
Got a feel when I'm all to myself, and I need you but I know I'  
m not in love with you  
Maybe I'm not crazy, just selfish  
My mind will never settle I'm not normal  
Doors tread more inside mind tryna' fit em' in a two door
