

# Stay Up

Lancey Foux

Bro, you are fuckin' out of here, bro, what the fuck?

Stay up for this, stay up  
Stay up for this, stay up (Uh, uh, uh)  
Stay up for this, stay up  
Stay up, I had to (Yeah, woah)  
Stay up for this, stay up (Yeah, woah)  
Stay up for this, stay up (Uh, uh, uh, yeah, woah)  
Stay up for this, stay-  
Stay-, stay up for this (Let's go)

I had to jugg and finesse like Ace (Yeah)  
Find me a whole new space (Uh)  
My diamonds big as an eighth (Ooh-ooh)  
Might ghost on her like a Wraith (Ooh-ooh)  
No, we not playin' it safe (Uh)  
Carrying every state (Yeah)  
I don't got room for mistakes (Uh)  
Air out whatever it takes (Uh, yeah)  
They know who makin' it, yeah (That's right)  
They know who makin' it shake (Woah)  
They know who pavin' the-, yeah  
They know who pavin' the way (What we doin'?)  
Giving new lingo, yeah  
Giving them shit they say (What we doin'?)  
I'm gettin' too lit for a- (I'm gettin' too lit for a-)  
I'm gettin' too lit for a break (Yeah)  
Sleep is the cousin of death, 24 hours a day  
Charged up already, no rest  
Only close my eyes when I pray, yeah  
We had to tell them it's live  
We brought the demons outside, yeah  
Both of the bitches was fire (Hey)  
I had to save some time

Stay up for this, stay up (Yeah)  
Stay up for this (Free smoke), stay up (Free)  
Stay up for this, I had to  
Stay up for this, stay up  
Stay up for this, stay up (Uh, uh, uh)  
Stay up for this, stay-  
Stay-, stay up for this (Chyeah)  
I just had to, I just- (Yeah), I just- (Uh)

Cover my chest, I ain't showin' the ice (Chyeah)  
I did a show, I performed, no mic (Huh, uh)  
Baggin' the shrooms, girls look like rice (Chyeah, chyeah)  
I left out the recipe, cookin' it right (Cookin' it right, phew)  
John F. Kennedy, stand with a rifle for my rival (Ooh, huh)  
So I need security on my exit and arrival (Chyeah)  
Got princess cuts, they flooded in white, I'm goin' bridal (Uh)  
I just thought of the desert and went to Dubai for a night (Phew)  
I just thought it and did it and that's the power of my mind (Uh)  
They were forgin' the digits and that's why the numbers keep on lyin' (Keep on lyin')  
They gon' hate it when you're tellin' the truth and love you when you're lyin' (When you're lyin')

I work hard every day, I wake up every day and I go to work  
I wake up every night and I go to work  
I try not to sleep, I try to work more  
And it's only because I'm young, it's not because I'm a workaholic  
I believe that when you're young, you're obligated to work  
And then when you get to an age that you feel like you're not young anymore,  
that's what you worked for
