

## Low Class Lovers

LANCO

She said, "You're pretty cool for a white trash guy"  
As she puts her best lipstick on  
Yeah, the money's been tight but I'm taking her tonight  
To a place that we don't belong  
Order up fancy drinks but they ain't gonna think  
For a second we're from this side of town  
I ain't a doctor or lawyer but I'm doing this for her  
Yeah, it's a big night out

We ain't silver spoon tight, that's alright  
We gonna light it up baby tonight  
Low-class lovers living the high life

Dream of baby and the bills, yeah it's hard to find the thrills  
Like we did when we were twenty-one  
But in that little black dress, she puts a man to the test  
She's as bold as the night is young  
And her hips when she's walking gets all the boys talking  
They all saw her walking with me  
When she wants to dance she's taking my hand  
Lord have some mercy

We ain't silver spoon tight, that's alright  
We gonna light it up baby tonight  
Low-class lovers living the high life  
Oh yeah

Baby, you're the top shelf  
I'll drink from the well  
'Cause it all tastes the same to me  
She's dancing on tables  
I'm wishing I was able to give her the finer things

She says baby, baby  
Hold me closer tonight  
Maybe they'll see  
What their money can't buy  
From low-class lovers living the high life

Oh yeah, look at us now  
Come on, come on, come on now baby  
Mmh, let me see ya, let me see ya now  
Baby  
Look at us now  
Living, living  
Come on
