

Memories (We Didn't Know)

LANCO

We used to party in them west-side woods
But it's all strip malls and credit union branches
Don't even recognize my old hood
'Cause they're buildin' up town homes and tearin' down ranches

Everything we knew
Yeah, it's all gone now
When I think of you
I still think about

You're in the front seat runnin' the station
Turn it up and keep that subwoofer shakin'
Seventeen, Saturday-night education
A couple hearts we didn't know we were breakin'
Still takin' them back road turns we were takin'
I think about all the time that we wasted
But here I am every night, still chasin'
The memories we didn't know we were makin'
We didn't know, we didn't know, we didn't know
Didn't know we were makin'

That old warehouse off of Lover's Lane
We'd steal spray cans, write our names in graffiti
They knocked it down to build the interstate
Now my little hometown is nothin' short of a city

But the moon still shines like it did back then
Somewhere in my mind, I remember when

You're in the front seat runnin' the station
Turn it up and keep that subwoofer shakin'
Seventeen, Saturday-night education
A couple hearts we didn't know we were breakin'
Still takin' them back road turns we were takin'
I think about all the time that we wasted
But here I am every night, still chasin'
The memories we didn't know we were makin'
We didn't know, we didn't know, we didn't know
Didn't know we were makin'

We didn't know, we didn't know, we didn't know
We didn't know, we didn't know, we didn't know
We didn't know, we didn't know, we didn't know
We didn't know, we didn't know, we didn't know

You're in the front seat runnin' the station
Turn it up and keep that subwoofer shakin'
Seventeen, Saturday-night education
A couple hearts we didn't know we were breakin'
Still takin' them back road turns we were takin'
I think about all the time that we wasted
Here I am every night, still chasin'
The memories we didn't know we were makin'
We didn't know, we didn't know, we didn't know
Didn't know we were makin'

We didn't know, we didn't know, we didn't know

Didn't know we were makin'
We didn't know, we didn't know
