

Moonlight Mingle

LANCO

Way out yonder in the Percy Pines
We get together on a Saturday night
Hoopin' and a-hollerin' and carryin' on
Livin' out a lyric to a country song

Stompin' our boots in the firelight
We ain't gettin' no sleep tonight
Got my baby right by my side
(Ooh, ooh) We're gonna moonlight mingle
(Ooh, ooh) And get your heartstrings tangled
(Ooh, ooh) When you feel your toes tingle
That's a moonlight mingle tonight

I sip my beer and I set it down
Grab her by the hand and I spin her around
Radio playin' that Nashville sound
Pull her in close when I slow it down

We're stompin' our boots in the firelight
When it gets hot, hit the riverside
Hang our clothes on an old trotline
(Ooh, ooh) We're gonna moonlight mingle
(Ooh, ooh) And get your heartstrings tangled
(Ooh, ooh) When you feel your toes tingle
That's a moonlight mingle tonight (Alright)

Let me show you what it is now
Step it to the left, then you step it to the right
Then you moonlight mingle all night, alright
Step it to the left, then you step it to the right
Then you moonlight mingle all night, alright
Step it to the left, then you step it to the right
Then you moonlight mingle all night, alright
Step it to the left, then you step it to the right
Then you moonlight mingle all night

Stompin' our boots in the firelight
We ain't gettin' no sleep tonight
Got my baby right by my side
(Ooh, ooh) We're gonna moonlight mingle
(Ooh, ooh) And get your heartstrings tangled
(Ooh, ooh) When you feel your toes tingle
That's a moonlight mingle tonight

That's a moonlight mingle
That's a moonlight mingle
That's a moonlight mingle
That's a moonlight mingle
That's a moonlight mingle
Yeah, that's a moonlight mingle
That's a moonlight mingle
