

Wild Again

LANCO

Well, there's still a dent in the side of my old pickup truck
From that night at Johnson's Field we really messed it up
And I need to get it fixed, but it makes me think of us
Yeah, we were wild
And I'm drivin' home to that water tower, golden sun
I've lived some life, but I think the best is yet to come
Make a quick stop at the Kwik Stop, grab a cold one
'Cause tonight, yeah, tonight

I'm gonna call my baby and all my friends
Tell 'em it's gettin' started where the blacktop ends
We're just as good as we were back then
Gettin' wild again
So tell me, do you remember who we used to be?
Tonight, let's make it more than just a memory
Gonna blue-collar holler 'til the sky turns red
Gettin' wild again
Gettin' wild, wild, wild again

Now all it takes is a right song on the radio
To remind me growin' up ain't always growin' old
And I've settled down a bit now, but the truth be told
I'm still wild, yeah, I'm wild

I'm gonna call my baby and all my friends
Tell 'em it's gettin' started where the blacktop ends
We're just as good as we were back then
Gettin' wild again
So tell me, do you remember who we used to be?
Tonight, let's make it more than just a memory
Gonna blue-collar holler 'til the sky turns red
Gettin' wild again
Gettin' wild, wild, wild again
Gettin' wild, wild, wild again, oh yeah

Ooh, yeah, I'm gettin' wild tonight
Ooh, yeah, gettin' wild never felt so right, so right
Ooh, yeah, gettin' wild, wild, wild tonight
Wild, wild, wild, wild, wild

I'm gonna call my baby and all my friends
Tell 'em it's gettin' started where the blacktop ends
We're just as good as we were back then
We're gettin' wild again
So tell me, do you remember who we used to be?
Tonight, let's make it more than just a memory
Gonna blue-collar holler 'til the sky turns red
Gettin' wild again
Gettin' wild, wild, wild again
Gettin' wild, wild, wild again
Gettin' wild, wild, wild again
