Land of Talk

```
Hold
now
you're leaving something out
like when we leave
it's more than just a cloud
it's in me
i'm living at the station
what to be
it's never rolling in
and it sucks so bad

it's not hard
it's not free
it takes time to see

gold
now
we're leaving something out
like when you leave
it's more than just a cloud
one
two
three
i'm living at the station
what to be
it's never rolling in and it sucks so bad

it's not hard
it's not free
it takes time to see

it's jet black
it breaks backs
it's not coming back
```
