

Fluorescent Blood

Land of Talk

Baby, where did I go wrong?
You said you need it
But don't know the rise is slow like the words
You saw me

Baby, where did I go wrong?
Anything you needed
'Cause I know you like this song
They keep coming

Baby where did I go wrong?
You think you need it
But don't know the rise is slow like the words
You saw me

Baby, where did I go wrong?
Anything you needed
'Cause I know you like this song
They keep coming
