Land of Talk

Don't you wanna hear my body talk?  
Don't you wanna feel that noise?  
Safety was a home between us  
That I feel that choice  
I was walking on sunshine  
I was walking on sunshine  
I was walking on sunshine  
I was walking on sunshine

You're the only one I care about  
Make me wanna leave my faith  
Make it so I don't care what I figured out.  
God, I see your face.  
I was walking on sunshine  
I was walking on sunshine  
I was walking on sunshine
