

## Spiritual Intimidation

Land of Talk

God is my witness and my friend  
How do you explain these solitary inclinations?

Such as my freedom has no end  
Life it slips by  
It rushes past  
And then it's over

How you gonna live  
How you gonna live  
How you gonna live  
If you can't love  
How you gonna live if you can't love?

Lean in and listen  
No one innocent  
Here lies nothing  
No way  
That was the best of it

Come in here with a look in your eyes  
No that's fine, you warm me up  
We talk of old times  
And you don't know you have no idea  
What's going on in this sick sick sick imagination

How am I gonna live  
How am I gonna live  
How am I gonna live  
If I can't love  
I don't want to live  
If I can't love

Lean in and listen  
No one innocent  
Here Lies Nothing  
No way  
That was the best of it

Lean in and listen  
No one innocent  
Here lies nothing  
No way  
That was the best of it
