

What Was I Thinking?

Land of Talk

Yeah you're with anyone
Who won't remind weakness
Now you're with anyone
Her handed-down feeling
Waited for my daughter
And loved her on weekends
Yeah you'd say anything
And what was I thinking?
What was I thinking?

I don't taste any blood
Not without bleeding
I see that's all that was
But what was I thinking?
Waited for my daughter
And loved her on weekends
I'll get back all that was
And what was I thinking?

What's the word battling?
Consider it's meaning
We pass along this life
With handed-down feelings

Pain is for my daughter
And fair is the reason
Where's the fair in this fight?
And what was I thinking?
What was I thinking?
