

I don't know myself anyway  
Dreams turning into nightmares  
I know I'll never be the same  
Oh, I leave the worst part of me  
Oh, I'm trying hard, so hard to forget  
Oh, I'm trying hard, but I'm lost in the way

Now that we are face to face  
Tell me what's coming up next  
We'll still fall apart again  
This story is never ending  
So just hold my hand never go away  
Oh, I'm trying hard, but I'm lost in the way

I'm falling away, and I'm giving up on ourselves  
I'm waiting for somebody else to tell  
Me how love was back then  
Oh, me how love was back then  
Oh, me how love was back then

Now that I scream at your name  
I can't find you anywhere  
Oh, I'm trying hard, so hard to forget  
Oh, I'm trying hard, but I'm lost in the way

I'm falling away, and I'm giving up on ourselves  
I'm waiting for somebody else to tell  
Me how love was back then  
Oh, me how love was back then  
Oh, me how love was back then

And I'm trying so hard waiting for somebody else  
Tell me how, tell me what's coming up next  
I'm not the same

Do you ever find another one?  
Do you ever feel alive?  
Oh, alive  
Oh, alive  
I could fix you for tonight

Do you ever find another one?  
Do you ever feel alive?  
Oh, alive  
Oh, alive  
I could fix you for tonight

Do you ever find another one?  
Do you ever feel alive?  
Oh, alive  
Oh, alive  
I could fix you for tonight
