Landon Austin

No limit in the sky that I won't fly for ya
No amount of tears in my eyes that I won't cry for ya
Ooh no

With every breath that I take
I want you to share that air with me
There's no promise that I won't keep
I'll climb a mountain, there's none too steep

When it comes to you, there's no crime
Let's take both of our souls and intertwine
When it comes to you, don't be blind
Watch me speak from my heart
When it comes to you, comes to you

(Want you to share that)
(When it comes to you)

Cupid in a line, arrow got your name on it
Ooh yeah
Don't miss out on a love and regret yourself on it
Ooh
Open up your mind, clear your head
Ain't gotta wake up to an empty bed
Share my life, it's yours to keep
Now that I give to you all of me

When it comes to you, there's no crime
Let's take both of our souls and intertwine
When it comes to you, don't be blind
Watch me speak from my heart
When it comes to you, comes to you

(Want you to share that)
(When it comes to you)

When it comes to you, there's no crime
Let's take both of our souls and intertwine
When it comes to you, don't be blind
Watch me speak from my heart
When it comes to you, comes to you
