

Feel Something

Landon Austin

I've seen the northern lights
And sailed down all the seas
But that don't mean a thing to me
I made a little cash
But I would trade it all
'Cause you're the only gold I need

Now I'm sleeping all day
And drinking so late
I hate that this buzz always fades
So tell me what do I do
If I can't have you?
'Cause all I know, all I know

Is when I'm with you I feel something
So I'm hoping you stick around
And I'm sorry I keep calling
But I really need to tell you now
'Cause with you baby I breathe, oh yeah
And when I rest my eyes
I see you every time
So don't tell me we're nothing
'Cause when I'm with you I feel something
With you I feel something

And I've been doing things I know I shouldn't do
But nothing seems to get me right
I even told myself, baby that I'd quit you
But what I'd give for one more high

Now I'm sleeping all day
And drinking so late
I hate that this buzz always fades
So tell me what do I do
If I can't have you?
'Cause all I know, all I know

Is when I'm with you I feel something
So I'm hoping you stick around
And I'm sorry I keep calling
But I really need to tell you now
'Cause with you baby I breathe, oh yeah
And when I rest my eyes
I see you every time
So don't tell me we're nothing
'Cause when I'm with you I feel something
With you I feel something

Maybe I think too much
Oh yeah, maybe I think too much
But I've been wondering why I haven't known
When I'm without you
But still I want you, oh yeah

Maybe I think too much
Oh yeah, maybe I think too much
But I've been wondering why I haven't known

When I'm without you

'Cause when I'm with you I feel something
So I'm hoping you stick around
And I'm sorry I keep calling
But I really need to tell you now
'Cause with you baby I breathe, oh yeah
And when I rest my eyes
I see you every time
So don't tell me we're nothing
'Cause when I'm with you I feel something
With you I feel something

Maybe I think too much
Maybe I think too much
But baby don't tell me we're nothing
(But I've been wondering why I haven't known)
'Cause when I'm with you I feel something
With you I feel something
