

# Rest Your Mind

Landon Austin

Some people talk too much  
Why can't they keep it shut  
It don't mean nothin' 'bout you  
Some people never round  
I hate they let you down  
I never did that to you

When things ain't going right  
When you're running out of time  
No one cares what you like, I do  
When you're tired of acting tough  
Nobody's calling ya  
Just tell me where you're gone  
Baby, tell me where you're gone

I'll stay up with you until the morning  
And I'll be there when you close your eyes  
We can talk all night, I give you forever  
Just let me rest your mind  
Baby, let me rest your mind

'Cause i-  
I got you  
'Cause i-  
I got you

Sometimes we make mistakes  
Some things are hard to face  
Baby, I do it for us  
Till all the wars are done  
I'm fighting for your love  
And I'll never stop, never stop will we've won

When things ain't going right  
When you're feeling outta time  
No one cares that you tried, well I do  
When you're tired of showing up  
I'll keep looking for ya  
Just tell me where you're gone  
Baby, tell me where you're gone

I'll stay up with you until the morning  
And I'll be there when you close your eyes  
We can talk all night, I give you forever  
Just let me rest your mind  
Baby, let me rest your mind

'Cause i-  
I got you  
'Cause i-  
I got you

I'll stay up with you until the morning  
And I'll be there when you close your eyes  
We can talk all night, I give you forever  
Just let me rest your mind  
Baby, let me rest your mind

Let me rest your mind  
I got you  
'Cause i-  
Baby, let me rest your mind  
I got you
