

## My Men

## Landscape

Ref. Baby boy what you done to me  
I want your time and your heartbeat  
I can't get you out my mind now  
I will love you all the time

I love the way, you make me feel  
You whisper softly in my ear  
Come in my bedroom and turn off the lights  
You start to feel like you are mine

I'd rather be with you, because I love the way  
You give me what I want, you make me feel this way  
I think about you every night and every day  
You scream my name and there's no other man yeah!

Ref. Baby boy what you done to me  
I want your time and your heartbeat  
I can't get you out my mind now  
I will love you all the time

I feel so safe when i'm alone with you  
I know my soul connected me to you  
I'm looking in the eyes, I see the sun  
I'm holding you, I know you are mine

I'd rather be with you, because I love the way  
You give me what I want, you make me feel this way  
I think about you every night and every day  
You scream my name and there's no other man yeah!
