

Keep On

Lane 8

I've been called
But I'm keeping on, keeping on track
And I've been torn
But I'm keeping on, keeping on track
And I've been broken
But I'm keeping on, keeping on track
Safe in the eyes of the morning

Did you love me?
Or do you take it all, take it all back?
Did you need me?
Or do you take it all, take it all back?
If you can't love me
Then I take it all, take it all back
Safe in the eyes of the morning
Safe in the eyes of the morning
Safe in the eyes of the morning

I see more now
I'm keeping on, keeping on track
And I feel more now
I'm keeping on, keeping on track
And all our time now
I take it all, take it all back
Safe in the eyes of the morning
Safe in the eyes of the morning
Safe in the eyes of the morning
Safe in the eyes of the morning
Safe in the eyes of the morning
Safe in the eyes of the morning
