

## Red Lights

Lane 8

You got a hold on me  
Through the dark days  
When I ran away  
You got a hold on me

You got a hold on me  
Through the red lights  
In your blue eyes  
You got a hold on me

You got a hold on me

You got a hold on me  
Through your sun dress  
When you look a mess  
You got a hold on me

You got a hold on me  
Through the red lights  
In your blue eyes  
You got a hold on me

You got a hold on me
