

Subsistence, a shadow hides my eyes  
Relentless, dignity thrown aside  
Retribution, sedative medicine  
Through this pain, so far beyond the screams

Cruel delusions and hallucinations of isolation  
Merciless power of persuasion  
Save me from this living nightmare without an end

Aberration, madness will rise  
Severe maltreatment, advised sacrifice  
Reveals the nature of humankind  
Lost in mind immolation

Fragments of memory  
Observation, inhale invisible death  
Mental collapse, estranged reality  
Thought reform, remainder of a scream

There is no door in these cold four walls, no resistance  
Merciless gathering of information  
Save me from this living nightmare without an end

Aberration, madness will rise  
Severe maltreatment, advised sacrifice  
Reveals the nature of humankind  
Lost in mind immolation

Petrified in the core of darkness  
Swallowed light, am I alive?  
Authorized sensory deprivation  
Shattered screams night after night

The loneliness will never leave you  
They get what they want without having to hit you  
That's why they call it white torture  
You being to break and then you being to confess  
The loneliness will never leave you  
They get what they want without having to hit you  
That's why they call it white torture  
You being to break and then you being to confess
