

Converging Saints

Lanfear

Change your world to embrace me
I'll not follow you through anarchy
Hate shall be our fate
But denial is still not a sin

Taking it all for granted
Illusion will cause your fall

Converging Saints
Did cast a shade
Our souls couldn't feel more pale
Arise, don't petrify again
Soaked by tears of thy solace

I don't know what to say
Maybe it's time to pray?
To stop the venoms rush inside our minds

Grasping for the one
Delusive use of sons
Devoted silent lies

Converging Saints
Did cast a shade
Our souls couldn't feel more pale
Arise, don't petrify again
Soaked by tears of thy solace

Dead End signs
Lead to most darned places
Break the spine, spit in their faces
Moving far away from light
Be aware, you're hypnotized

Converging Saints
Did cast a shade
Our souls couldn't feel more pale
Arise, don't petrify again
Soaked by tears of thy solace
