

# The Reverend

Lanfear

I've spoiled your dignity  
You're accusing me of perversity  
But remember I'm just a victim, please forgive me

Unclaimed fears  
I've lost control of my frantic dark desires  
I didn't want to mistreat you, just to abuse you

The truth itself is untrue to those who walk in darkness,  
Reckoning, Suffering

I'll save you from the sinister signs  
No more savage sentiments  
Unholy truth beneath desires  
I'll wash your sense away  
Bow down to the reverend

Voices sing in twisted tongues  
A hymn of praise to please the Lord  
Neither lies nor lack of clarity,  
my sought-after beauty

Sounds of lewdness, crawling along your neck  
Shaken by the memories, spinning in your head  
There's one thing that should guide our way  
Maybe you're just another priest's prey

The truth itself is untrue to those who hold one's peace.  
Oh, this silence is deafening

I'll save you from the sinister signs  
No more savage sentiments  
Unholy truth beneath desires  
I'll wash your sense away  
Bow down to the reverend

Celibacy – nympholepsy  
Debauchery – double standards

The truth itself is untrue to those who hold one's peace.  
Oh, this silence is deafening

I'll save you from the sinister signs  
No more savage sentiments  
Unholy truth beneath desires  
I'll wash your sense away  
Bow down to the reverend

Bow down to the reverend  
I never meant to harm you  
Bow down to the reverend  
Come closer, to the reverend  
To satisfy your reverence  
come closer, the reverend
