

Bad Luck

Langhorne Slim

I kissed my mother, I kissed my friends
Well, I told my brother I'm not coming home again
And I said might not be lucky, even though I've tried
Bad luck got in me but I will survive, come on in

I was born with a thorn in my soul, sometimes it hurts
Might not got much but I know what its worth
And I said might not be lucky even though I've tried
Bad luck got in me but I will survive, aw yeah

Well I was born with a thorn in my soul, guess it could be worse
I might not got much but I know what its worth
I might not be lucky even though I know I've tried
Bad luck got in me, so I will survive

I kissed my mother, I kissed my friends
I told my brother John I'm not coming home again
And I said might not be lucky, even though I've tried
Bad luck got in me but I will survive

I said bad luck got in me but I will survive
I said bad luck got in me but I will survive
