Langhorne Slim

Cinderella  
Yes my handsome fella?  
Are you my girl?  
You know I am  
Do you feel good?  
I feel all right  
That makes me feel good  
Outta sight

When you feel left out  
I know what that's all about  
Wanna get left out with you

Cinderella  
Yes my handsome fella?  
Are you my girl?  
You know I am  
Oh honey, do you feel good?  
I feel all right  
That makes me feel good  
Outta sight

Oh, when you feel left out  
I know what that's all about  
Wanna get left out with you

All alone  
Walk home  
Way down that old suburban road  
You took me by surprise with that sweet look in your eyes tonight

Cinderella  
Yes my handsome fella?  
Sure you're still my girl?  
You know I am  
Oh honey, do you feel good?  
I feel all right  
That makes me feel good  
Outta sight

All alone  
Walk home  
Way down that old suburban road  
You took me by surprise with that sweet look in your eyes tonight
