

## For A Little While

Langhorne Slim

Days pass so fast,  
Night goes so slowly  
Your spell has been cast  
I'm laying lonely  
If I told you I love you  
Would you pass me by?  
Oh, don't do it, I'm begging you  
Believe me for a little while

I was born to love a chosen few  
The stars up above  
My mother and you  
Come to me  
Honey, don't you run and hide  
I said I'll be good, I'm begging you  
Believe me for a little while

The night goes so slow,  
C'mon, the days go so fast  
Tell me why nothing good  
Ever seems to last  
Come to me  
Don't you run and hide  
Look, I said I'll be good, don't do it  
Believe me for a little while
