

## Life is Confusing

Langhorne Slim

Don't think I see you anymore  
Least not the way I saw you before  
We're caught up in traffic  
The landscape changes  
Life is confusing and people are insane

Can we be happy for a while  
Can we just sit here, shut up and smile  
Been talking for hours  
Forgot what we're saying  
Life is confusing and people are insane  
Life is confusing and people are insane

Wish that I could see you smile  
Wish we could forget ourselves for a while  
But your heart is wild  
Or if its been tamed  
Life is confusing and people are insane  
Life is confusing and people are insane  
...
