

Loyalty

Langhorne Slim

Well, I've been a restless traveling man
Searching for something I couldn't hold in my hand
I had a death wish, but somehow I survived
Sometimes I wonder how I made it this far alive

I learned the hard way, nobody learns nothin' easy
I ran outta lies, so now you better believe me
Loyalty, that's how we get by
We're only gonna make it, honey, if we try

Loyalty!
That's how we get by
We're only gonna make it, honey, if we try
Loyalty!
That's how we get by
We're only gonna make it if we try

Well, I've been a restless traveling man
Searching for something that I could understand
Loyalty, that's how we get by
We're only gonna make it if we try

Loyalty!
That's how we get by
We're only gonna make it, honey, if we try
Loyalty!
It's hard to come by
We're only gonna make it, honey, if we try

Nobody learns nothin' easy
Nobody learns nothin' easy
Nobody learns nothin' easy
Nobody learns nothin' easy

Loyalty!
It's how do we get by?
We're only gonna make it, honey, if we try
Loyalty!
It's hard to come by
We're only gonna make it if we try

Loyalty!
It's how we get by
We're only gonna make it, honey, if we try
Loyalty!
It's how we get by
We're only gonna make it if we try
