

Old Things

Langhorne Slim

Old things that I've found
Old bones lyin' on the ground
Old bells that I hear ring
I love them old things

Old cars don't go too fast
Old dogs lyin' on the grass
Old homes full of ghosts
I love them old things most

Them old things, they amaze me
Gonna see my old lady
She wears a big ol' hat and old blue jeans
I love them old things

Old sounds hear the old folks sing
My fingers scream from this old ring
Been around coast to coast
Still love old things the most

Them old things, they amaze me
Gonna see my old lady
She wears a big ol' hat and old blue jeans
I love them old things

Them old things, they amaze me
Gonna see my old lady
She wears a big ol' hat and old blue jeans
I love them old things

I love them things
I love them things
I love them things
