

# On Fire

Langhorne Slim

What can I say, you've blown me away  
I'm on fire, I'm on fire  
What can I do, to get closer to you  
I'm on fire, I'm on fire

Let me show you my love and devotion  
My love is deeper than the depths of the ocean  
I'm on fire, I'm on fire

Despite what you've heard  
I'm a man of my word  
I ain't a liar

What can I do  
To get closer to you  
I'm on fire

Feelin' nervous and my heart is beating  
I'll say it again  
Cause I know it's worth repeating  
I'm on fire, I'm on fire

I know there's lots of other competition  
Well I'll say it again  
And I hope that you listen  
I'm feelin' nervous and my heart is beatin'  
Well I'll say it again  
Cause I know it's worth repeating  
I'm on fire, I'm on fire, I'm on fire, I'm on fire

She was born on the first day of summer  
And she hates the heat  
She was raised on a farm  
But she don't eat meat  
Her love's so heavy  
It makes me stagger  
She's a doozy  
My desire  
Excuse me, I'm on fire

I'm on fire  
I'm on fire  
I'm on fire  
I'm on fire
