

## Possessive

Langhorne Slim

I don't wanna be possessive, but I just ain't that progressive  
To share you with another man  
We're either in this together, if it depends on the weather  
I'll be making other plans

Don't have to worry 'bout a boy like me  
I've been around the block a, a time or three  
Well, I ain't a jealous guy, but I guess I can be  
Don't you worry 'bout a boy like me

I've had some bad luck, baby, waitin' for someone to save me  
Then I saw you walk my way  
Now there's a Southern town, and ya know that's where I'm bound  
I'm guessing that's just where I'll stay

Don't have to worry 'bout a boy like me  
I've been around the block a, a time or three  
I ain't a jealous guy, but I guess I can be  
Oh, don't you worry 'bout a boy like me

Have mercy, baby

Now, don't you worry 'bout a boy like me  
Well, I don't fuck around with honesty  
So either love me, baby, or set me free  
Don't you worry 'bout a boy  
Don't worry 'bout a boy  
Don't you worry 'bout a boy like me
