

Two Crooked Hearts

Langhorne Slim

I was a fool to think I could get to you
But honey, sometimes you play a fool too

Maybe that's what happens
When two fools fall in love
I've had enough of your foolish love

Two crooked hearts, two crooked minds alright
Living in one crooked time tonight

Maybe that's what happens
When two fools fall in love
I've had enough of your foolish love

Two crooked hearts, two crooked minds
(Two crooked hearts, two crooked minds)
Two crooked hearts, two crooked minds
(Two crooked hearts, two crooked minds)

Maybe that's what happens
When two fools fall in love
I've had enough of your foolish love

Two crooked hearts, two crooked minds
(Two crooked hearts, two crooked minds)
Two crooked hearts, two crooked minds
(Two crooked hearts, two crooked minds)

Two crooked hearts, two crooked minds
(Two crooked hearts, two crooked minds)
Two crooked hearts, two crooked minds
(Two crooked hearts, two crooked minds)
