

Savage

Lansdowne

I've seen this face before
So many times I swore never again
But I can't escape who I am
The savage I've become
From the freak that I was first
Here I am I can't escape who I am

I can feel every breath push me to the other side
Every beat in my chest bring the dark in me to life
I don't go home to hold my soul
Everyday I try to hide deep inside I know

I've seen this face before
So many times I swore never again
But I can't escape who I am
The savage I've become
From the freak that I was first
Here I am I can't escape who I am

You would think while I sank
I'd been feeling so alone
You'd be wrong because all along
I could feel it in my bones
Under the skin where monsters live
Terrified of the lies I tell myself

I've seen this face before
So many times I swore never again
But I can't escape who I am
The savage I've become
From the freak that I was first
Here I am I can't escape who I am

My reflection, the broken glass
The animal is free at last
(I can feel the change, trying to feel the change,
falling over me, falling over me, I can feel the change)
My reflection, the broken glass
The animal is free at last
Free at last
Free at last

I've seen this face before
So many times I swore never again
But I can't escape who I am
The savage I've become
From the freak that I was first
Here I am (here I am)
I can't escape who I am

Never again (I am a savage)
Never again
Never again
Who I am (I can't escape who I am)
Who I am

Never again

Never again (Who I am)
Never again
I am a savage
