

ex i never had

LANY

I haven't spoken to ya, haven't seen you in months
Too busy living so we fell out of touch
I didn't think I had to let you know we were done
We weren't together so how could we break up

You got the chance to tell everybody your side
It's my turn to tell 'em mine

You came to my place a couple of times
Got high and you slept over
Just a few days, just a few nights
You and I were never sober
If you wanted something more then you should've asked
Would you please stop acting like the ex I never had?
I'm checkin' my texts and readin' 'em back
We were cool, at least I thought so
Seein' all this and hearin' all that
We were good but I guess we're not though
It was never real enough for you to be mad
So why you out there acting like the ex I never had?

My friends would know about ya if it was really love
I only saw you when the sun wasn't up
Oh, it's never gonna matter what you say about us
Don't try to turn this into more than it was

You came to my place a couple of times
Got high and you slept over
Just a few days, just a few nights
You and I were never sober
If you wanted something more then you should've asked
Would you please stop acting like the ex I never had?
I'm checkin' my texts and readin' 'em back
We were cool, at least I thought so
Seein' all this and hearin' all that
We were good but I guess we're not though
It was never real enough for you to be mad
