

remember that

LANY

Baby, take a breath, it's been one hell
Of a week and when we're mad we say some things
We don't mean, but we only fight because we care
So much, we care so much
Baby, do you really wanna live your life
Without me? Every story's got its peaks
And valleys so don't you dare, give up on
Our love, on our love

If you ever think of walking out (if you ever think of walking out)
Promise me, you'll stop and think about (promise me, you'll stop and
think)

All the nights, I talked you down when you get in your head
I cut the shit and put your first since the day we met
And anyone, anywhere would kill for what we have
So when things get bad, remember
The way I know all the words before they leave your mouth
And how your voice through the phone's my favorite fucking sound
You'll never find someone else to love you like I have
So when things get bad, remember that

Baby, the world is getting colder
Place is crazy, and if I'm at the top they're gonna
Hate me, yeah, they stay mad, but we stay
Being us, being us

So if you ever think of walking out (if you ever think of walking out
)
Promise me, you'll stop and think about (promise me, you'll stop and
think)

All the nights, I talked you down when you get in your head
I cut the shit and put your first since the day we met
And anyone, anywhere would kill for what we have
So when things get bad, remember
The way I know all the words before they leave your mouth
And how your voice through the phone's my favorite fucking sound
You'll never find someone else to love you like I have
So when things get bad, remember that

Don't you dare give up on me (remember that)
Don't you dare give up on me (remember that)
Don't you dare give up on me (remember that)
Don't you dare give up on me (remember that)
Don't you dare give up on me (when things get bad)
Don't you dare (if things get bad)
Don't you dare (remember that)
