

Stuck

LANY

Take a deep breath
Drive around town
Sun in my eyes
Out of my mind
Missing you now

Days fly by
Whisper your name
If anything's real
A part of you healed
A part of me when we stayed home for the summer
Memorized your number
I just got this feeling if you disappeared
Then we'd still find each other

I'm stuck on you wow
I'm stuck on you wow
I'm stuck on you
How could I ever go on without you now?

Falling asleep
Still on the phone
Stay on the line
The rest of my life
Don't let me go

'Cause baby that's my worst fear
Hope this doesn't sound weird
I just got this feeling if you ever moved on
I'd still wanna stay here

I'm stuck on you wow
I'm stuck on you wow
I'm stuck on you
How could I ever go on without you now?

Even if your love runs dry
I will never say goodbye
I could never change my mind
I will never leave your side

Even if your love runs dry
I will never say goodbye
I could never change my mind
I will never leave your side

I'm stuck on you wow
I'm stuck on you wow
I'm stuck on you
How could I ever go on without you now?

I go on without you now
I go on without you now
I go on without you
How could I ever go on without you now?
