

## (Fascinating) Fate

Lapko

Fascinating fate is it true or just illusion  
I make my day eat and cry deny my mistakes  
Other ways could feel so interesting  
Everyone has a role in this game  
But we can change our situation

Fascinating fate is it true or fake  
Correlations happenstances accidents in our ways

People go away circus leaves the town  
Everything changes day after day  
I eat and cry agree my mistakes  
I'm far away from home and delight  
But i have my own role in this game  
And i can change my situation

Fascinating fate is it true or fake  
Correlations happenstances accidents in our ways

Free fall it belongs to the show  
I hope you'll continue your number

Sometimes it's too complicated  
Indifferent not so underlying  
Sentimental hollow feeling  
Everything is not alright  
Everyday three thousand figures  
Bear up and continue the show  
Could you continue i hope you'll continue

Free fall it belongs to the show  
I hope you'll continue your number
